

Introducing

Stock TrackerTM

Shareholder Tracking System

- ☑ **Database Power**
- ☑ **Audit Control**
- ☑ **Flexibility**
- ☑ **Ease of Use**

StockTracker is a powerful software application developed for Windows 95/98 and Windows NT that can make the management of your company's stock register much easier, whether it is large or small. If you are maintaining your register manually, in a spreadsheet or are subscribing to a service that just doesn't give you the flexibility and features you want, you need StockTracker.

Market i·d .inc
